

ILLAWARRA MAIN ROAD

PROJECT 2 - BISHOPSBOURNE ROAD TO WICKFORD

PURPOSE:

- To improve the standard of this section of road and sight distance for road users

SAFETY BENEFITS:

- Improved curves and road levels
- Widened and sealed shoulder
- Improved sight distance to accesses
- Provision of stock underpass to eliminate two stock road crossings

ROAD USER BENEFITS:

- Improved ride quality
- Consistent standard along Illawarra Road
- Reduced delays due to stock crossing

FUNDING:

- This project is jointly funded by the State and Federal Governments with an estimated cost of \$3.6M

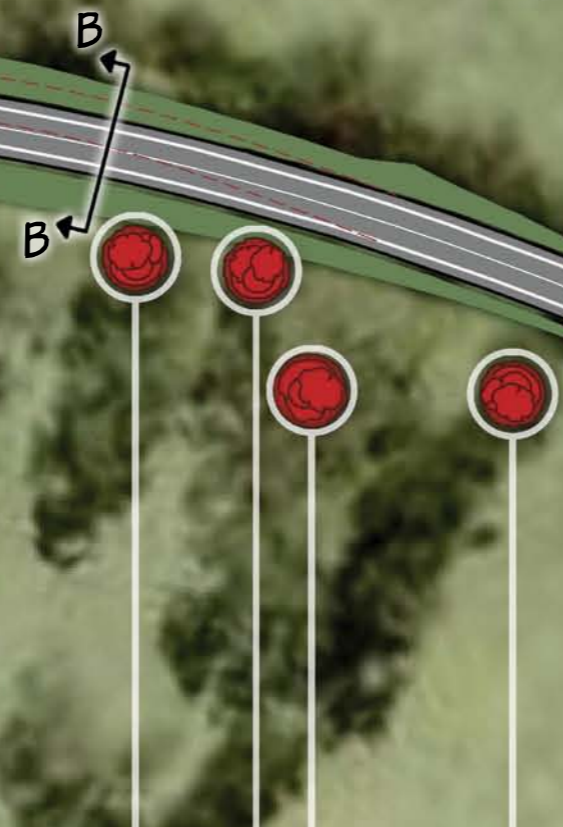

TIMING:

- Construction is planned from February to June 2010 to Dec 2010

ENVIRONMENT AND HERITAGE:

- This project aims to preserve the historic nature of this section of road including trees and hawthorn hedges as much as practical
