

# TRAFFIC MANAGEMENT PERMIT APPLICATION

Traffic management in the State Road Reservation requires approval under the provisions of Section 16 (Works in highways) of the *Roads & Jetties Act 1935*.

The Traffic Management permit gives approval for the temporary installation of traffic control devices and advisory signage only.

The display of an electronic billboard requires approval under the *Traffic Act 1925*. Approval is given only for legitimate traffic management or road safety purposes.

Applications must be received by the Department of State Growth a minimum of twenty (20) business days prior to the planned date of the traffic management in order to allow sufficient time for the application to be assessed. Receipt of a completed application does not necessarily mean that permission will be granted to undertake proposed traffic management.

**Please complete all sections**
