**Reference number**

**Currently matched operators**

**New route description – origin / destination**

Project 2018

Public Transport Bus Services and Procurement – Application for review of approval

## Basis for appeal

Note: You can only appeal a matching decision if you have an existing regular passenger service contract and can prove that a significant number of passengers on the new service, will be drawn from your service, and that your contract is not better matched to another service by the Project 2018 team.

Please identify your existing contract number that you believe matches this new service.

### **Has this contract been ‘best matched’ to any new service?**

- ☐ Yes – Contract number    [Click here to enter text.](#)
- ☐ No – I have been advised that my service will not be recontracted
- ☐ No – I am still awaiting matching advice

### **Is your service a school or general access service?**

### **Is your service the same type of service as the new service?**

- ☐ Yes   ☐ No

### **Which schools or towns does your service currently cater for?**

For the next question, you will need to provide a map of your contracted route showing numbered bus stops.

Using the table below, list how many passengers usually get on at each of your bus stops. Make sure you show all passengers. If you need more spaces, please attach a separate list.

Bus stop number																			
1		2		3		4		5		6		7		8		9		10	
Bus stop number																			
11		12		13		14		15		16		17		18		19		20	
Bus stop number																			
21		22		23		24		25		26		27		28		29		30	

**Total average numbers on your existing service** – please express as passengers per trip, or per day.

**How many of the passengers above, do you think will now utilise the new service?** Please indicate the bus stops, or route section, you think they will come from.

**Please provide any other information that you believe supports your appeal.**
