<p>When travelling between Hobart and Launceston along the Midland Highway you will be travelling through several road work sites. Please allow an extra 45 minutes more for your journey. Speeds may be reduced when there are changes to the road surface, new or no line marking, changes to centre separation, new or no barriers, or road workers and equipment on the road or at the side of the road. The need to reduce the speed may not therefore be obvious.</p>
