About

General information about the map, links to NHVR Notice, and information pages

### Tasmanian 26m B-double Network

This map shows Tasmania's gazetted roads for Class 2 B-double heavy vehicles operating at up to 26m overall length and in compliance with the National Class 2 B-double Authorisation Notice 2019 and operator guide.

This map also applies for B-doubles operating under several other Class 2 / 3 Notices or Schemes (see Relevant Notices and Schemes below).

Maximum vehicle dimension for this network are up to 26m overall length and 4.3m overall height<sup>1</sup>

This network shows roads mapped in three categories: Approved (green), Conditionally Approved (orange) and Restricted (red). Click on a route or bridge to show any conditions that apply. Restricted structures (red dots) must not be crossed.

Roads not shown as approved (green) or conditionally approved (orange) require road manager approval for access by permit. Application for access by permit is to be made through the NHVR. This map is deemed to include any detour around a road closure on a gazetted road, provided it is...
