

Route changes to westbound bus travel at Drummond Crescent, Perth

Due to road changes, westbound Tassielink services will not be able to stop at Drummond Crescent.

This may affect your current travel arrangements.

As part of the Perth Links Road project, all westbound traffic leaving Perth will need to travel along the new highway which links the southern roundabout with Illawara Rd.

This means westbound Tassielink services to Cressy/Longford will not be able to stop on Drummond Crescent from **25 February 2020**.

Drummond Crescent passengers heading home to Perth will need to get off the bus at:

- Perth central, Main Rd (near the Fire Station).
- Scone St (opposite Perth Memorial Reserve).

Tassielink eastbound buses (coming from Cressy/Longford) will still be able to stop at Drummond Crescent. However once the Perth Links Road project is completed, eastbound buses will no longer be able to travel to Drummond Crescent.
